

Microfilm, Microfiche and Online Resources at the Victorian Archives Centre (VAC)

Public Record Office Victoria (PROV) holds a range of records and research resources on microfiche and microfilm in its Reading Rooms. Researchers also have access to databases and other online resources on Reading Room computers. The resources listed below can be accessed from PROV's VAC Reading Room **without having to be ordered**.

Some of these resources are not public records, but are resources that have been purchased by PROV or donated to PROV to assist research, such as the Australian Historic Records Register. These do not have a Victorian Public Record Series (VPRS) number.

Some resources, such as the Unassisted Inward Overseas Passenger Lists can be accessed widely around Victoria or Australia.

See also [Guide to Microfilm, Microfiche and Online Resources at the Ballarat Archives Centre](#).
